SAFELY STORING MEDICATION
FIVE TIPS TO HELP KEEP YOU AND YOUR FAMILY SAFE

1. **OUT OF SIGHT, PEACE OF MIND**
   Store medications out of children's and guests' reach; consider using lock boxes.

2. **KNOWLEDGE IS POWER**
   Educate children about medication safety. Avoid referring to medicine as candy.

3. **SAFE AND SECURE**
   Ensure medication caps are securely fastened; twist until a click is heard.

4. **KEEP AN INVENTORY**
   Monitor your medication quantities and maintain a list of all medications in your residence.

5. **SHARED RESPONSIBILITY**
   Request guests to place bags or coats containing medications in a secure location in your home.
